

UNITE FOR HOPE

BLESSING YOUR GROCERY STORE WORKERS

Our often invisible essential workers

Step 1: Figure out which Grocery Store your family gets their food from.

Step 2: Make a Thank You Card for someone who works in the Grocery Store.

- You don't have to know this person personally to Thank Them.
- Imagine going to work each day, risking your health by being around a ton of people every day, so everyone else can still buy food and stay safe at home. (That's what our Grocery Store Workers are doing every day...for us!)
- In the Thank You Card, let them know that you're grateful for them and appreciate the job their doing.

Step 3: The next time your family goes shopping, deliver the Thank You Card.

- If you feel like adding a gift card in the envelope...do it!
- If you've got younger siblings at home and want to include their crayon artwork...do it!
- If you want to leave them a tip...go ahead!
